

Little Troopers is a registered charity and is currently the sole charity specifically supporting all children with a parent (or both) serving in the British Armed Forces.

As a charity we provide a consistent support approach to service children regardless of their parent's service, rank, regular/reserve forces or marital status, all of our support is easily accessible wherever in the world families are based or choose to live. Serving personnel and spouses can be empowered by Little Troopers to help their military children through the daily unique challenges sometimes encountered being part of a military family.

Much of the support we provide is tangible resources, giving children a sense of belonging and helping to include them in any separation period or deployment, a few examples;

### *Little Troopers Separation Packs*

#### *Send a Hug Kits*

#### *Crafty Little Troopers*

#### *Little Troopers Treasures story reading app*

#### *Little Trooper of the Month*

#### *Birthday Card Scheme*

In 2017 we launched our Little Troopers at School initiative, the project objective is to help educate schools, primary and secondary, about the unique needs through circumstance of military children and make available easily accessible resources to you, the people who work with service children in education settings on a daily basis.

Our aim is to ensure all military children get fair and consistent support within their education setting wherever that may be, for all circumstances and however many times they move schools.

What is currently available to you?

- Specific Little Troopers at School website section on [www.littletroopers.net](http://www.littletroopers.net)
- Information sheets written for schools covering various topics; Challenges faced, Service Pupil Premium, Ways you can support service children, Examples of what others schools are doing and many more
