What transition support have you seen to be effective?

Good communication with old/ new school.

a named Service Pupil champion in school

My passport document from Bucks

Excellent website showing a clear vision of working with children from Service families

Admission procedures are effective and supportive

Persistent chasing of records etc

Buddy support on arrival

welcome and leavers boards

use of IT to connect with transferring and receiving schools

What transition support have you seen to be effective?

World maps

Welcoming display

My passport - a little folder for children to fill out with their current teacher and take with them to their new school

Communication with new or old schools

Secure ending with teacher and class and a passport - also make a jetting with the whole class on as a transitional object .

What message will you take from your reflection?

collaboration
confidence

separated families
